

DOOR TO DOOR SURVEY 2023

Delhi branch of ISHA, along with its partners the Health Parliament & the International Patients Union and Indian Speech-Language and Hearing Association (ISHA) conducted India's largest survey on communication disorders. The survey was conducted by Professionals and Students of Speech & Hearing of Delhi-NCR. The report is submitted to the Policy Makers.

Highlights:

- 🧑‍🤝‍🧑 53,801 individuals surveyed from 10,228 families.
- 🔍 Found 3.05% prevalence of communication disorders in Delhi-NCR.
- 🗣️ All the families were sensitized about communication disorders and role of ASLPs. Informative pamphlets were distributed for the same.

Report Release Ceremony, 13th Aug 2023:

- Mr. Jitendra Kumar Saini, Secretary of Delhi ISHA presented the survey report.
- Dr. Rajendra Pratap Gupta, Policy Maker, Former Advisor of Minister of Health, Govt. of India, Founder of Health Parliament and International Patients Union, emphasized the report's impact on awareness & policies.
- Dr. K. Madan Gopal, Senior Consultant, NITI Ayog & Dr. A. K. Nagpal, founder Batra hospital highlighted the survey's potential to shape healthcare policies.
- Dr. Suman Kumar, Secretary ISHA, provided a deeper understanding of the extensive scope of the initiative.
