

## Abstracts Accepted for Audiology Poster Presentation

AO434	Peripheral and Central Auditory Processing Abilities in Children with Mild Protein Energy Malnutrition.
AO436	Development of a Questionnaire in English and Kannada to Evaluate the Awareness about Hearing Disability, Central Government Schemes and Policies for Individuals with Hearing Impairment.
AO438	Development of a questionnaire in Kannada to assess the knowledge and attitude of individuals with hearing loss and their significant others toward aural rehabilitation
AO439	Translation, Validation and Reliability of the questionnaire titled "Quality of Life-rating for Dizziness- a self-reporting questionnaire" , in Hindi language.
AO443	Masseter-Vestibular Evoked Myogenic Potentials in patients with Benign Paroxysmal Positional Vertigo
AO444	Efficacy of functional Head impulse test (fHIT) in diagnosing peripheral vestibular dysfunction
AO446	Digital Device Exposure and Its Association with Language, Cognition, Reading and Risk of Auditory Processing Disorder in Primary School Children
AOP001	TYMPANOMETRIC PARAMETERS IN NORMAL MIDDLE EARS: FINDINGS IN THE NEPALI POPULATION AT A TERTIARY CARE HOSPITAL
AOP002	Behavioral Challenges and Parental Stress in Children with Cochlear Implants: A Psychosocial Study
AOP003	Evaluating Cochlear Implant Outcomes Using the ICF Model
AOP004	Teleaudiology: A New Frontier for Cochlear Implant Mapping in India" Perspectives from Audiologists
AOP005	Auditory and Vestibular profiling of AICA loop: A case-study with assessment and Rehabilitation Perspectives
AOP006	Documenting the audiological findings of Intracanalicular Vestibular Schwannoma pre-and post-radiation therapy- A comprehensive case study
AOP007	KNOWLEDGE AND ATTITUDE OF INDIAN AUDIOLOGISTS TOWARDS REMOTE CARE IN FINE TUNING OF HEARING AIDS
AOP008	COMPARISON OF COARTICULATION PERCEPTION IN INDIVIDUALS WITH HEARING IMPAIRMENT AND COCHLEAR IMPLANTEES
AOP009	RELATIONSHIP BETWEEN LISTENING EFFORT AND REAL LIFE OUTCOMES IN SCHOOL GOING CHILDREN WITH BIMODAL AND BILATERAL COCHLEAR IMPLANTATION
AOP010	CONTENT ANALYSIS OF YOUTUBE VIDEOS RELATED TO COCHLEAR IMPLANT CARE AND MAINTENANCE
AOP011	LONG TERM IMPEDENCE MEASUREMENTS IN SUBJECTS WITH COCHLEAR IMPLANTS DURING PUBERTAL PERIOD
AOP012	Correlation Between Tinnitus Handicap Inventory Scores and Degree of Hearing Loss with tinnitus: Implications for Diagnosis and Treatment

# Indian Speech-Language & Hearing Association (ISHA)

Regd. Under the Karnataka Societies Registration Act, Karnataka Act No, 17 Registration No. 25/67-68

AOP013	Barriers to Hearing Healthcare Access in Rural and Underserved Communities : A Social Work Perspective
AOP014	The influence of electrode placement on the 500Hz NB CE Chirp induced masseter Vestibular Evoked Myogenic Potential
AOP015	The Role of Audiologists in Advocacy for Hearing Impaired Individuals in Social Welfare Programs in Maharashtra
AOP016	Exploring the Role of Audiologists in Facilitating Access to Disability Certificates for Hearing-Impaired Individuals in Maharashtra
AOP017	Assessing the Role of NGOs in Bridging Gaps in Hearing Healthcare and Social Welfare Services for the Hearing-Impaired in Maharashtra
AOP018	Comparison of Acoustic Analysis of Vowels in Children with Cochlear Implant for establishment of baseline vocal measures in Intelligible Communication
AOP019	Assessing the Impact of Awareness Campaigns on Hearing Loss and Accessibility to Social Welfare Programs in Rural Maharashtra
AOP020	Results of newborn hearing screening: A community-based investigation
AOP021	Acoustic Inertance: - An effort to reach the optimum vent dimension to eliminate occlusion effects.
AOP022	Long-Term Speech Perception and Language Development Outcomes in Children with Cochlear Implants: Insights from the Indian Context
AOP023	Bhramari Pranayam as a Complementary Therapy for Tinnitus: A Randomized Controlled Trial with Caroverine and Counseling
AOP024	Speech Perception in Noise among Mainstreamed Children with Normal Hearing and Hearing Loss Using Bimodal Device
AOP025	Evaluating the Test-Retest Reliability of 500 Hz Narrowband Chirp ABR in Infants: Insights from a Rural Indian Hospital
AP1403	A Glimpse into The Diverse Causes of Unilateral Delayed Onset Hearing Loss - A Case Study
AP1404	Association between Tinnitus and Auditory Middle Latency Response : An Exploratory Study
AP1405	Association of Self Reported Noise Exposure Levels with Auditory Processing Among College Going Students
AP1406	IMPACT OF EARPHONE USAGE ON EXTENDED HIGH FREQUENCY HEARING AND SPEECH PERCEPTION IN NOISE IN YOUNGER ADULTS WITH CLINICALLY NORMAL HEARING
AP1407	INFLUENCE OF CARTOON-BASED SCREEN TIME ON AUDITORY AND PHONOLOGICAL PROCESSING ABILITIES IN YOUNG CHILDREN
AP1408	The Missing Links: Parental Insights into Information Dissemination for the ADIP Scheme – A survey
AP1409	A study of Prevalence of dizziness in individuals with sensorineural hearing loss in India.
AP1410	Prevalence and Characteristics of Misophonia among adult population in Odisha
AP1411	Bridging the Gap: Audiologists' Awareness of Effective (C)APD Therapies
AP1412	Factors associated with infants and toddler hearing aid use: A Parental Survey

# Indian Speech-Language & Hearing Association (ISHA)

Regd. Under the Karnataka Societies Registration Act, Karnataka Act No, 17 Registration No. 25/67-68

AP1413	Academic Performance and Auditory Processing Difficulties: Comparing High and Low Performing Children from Similar Socio-Economic Backgrounds Using the SCAP-C Checklist.
AP1414	Translation, Cultural Adaptation and Validation of the Vestibular Disorders Activities of Daily Living Scale in Marathi (VADL-M)
AP1415	Comparative Analysis of Visual Working Memory in Children with Severe to Profound Hearing Loss
AP1416	A PRELIMINARY STUDY ON PRE AND POST COMPARISON OF KNOWLEDGE ABOUT POSTURAL HYPOTENSION AMONG AUDIOLOGY STUDENTS
AP1417	The link between Auditory earworms and differential sensitivity - An exploratory study examining the intensity and frequency discrimination
AP1418	Harnessing Technology: A Review of Auditory Verbal Therapy Apps
AP1419	Auditory thresholds and working memory capacity in right and left-handed individuals with normal hearing sensitivity.
AP1421	Evaluating the effect of poor sleep quality on the peripheral vestibular system in young adults - A pilot study
AP1422	Bridging the Gap: Assessing the Awareness and Utilization of Assistive Listening Devices for Students with Hearing Impairments among special educators in Delhi
AP1423	Audiological-Vestibular Profile of Patient with Vertebral and Anterior Cerebral Artery Hypoplasia: A Case Study
AP1424	Audiological and Vestibular findings in an adult with Tinnitus and Dizziness: A case study
AP1425	DISLODGE MENT OF INTERNAL MAGNET OF COCHLEAR IMPLANT: A CASE STUDY
AP1426	Knowledge and Awareness of Aural Hygiene Practices Among Academic Faculty
AP1427	Effect of Intra Tympanic-Dexamethasone on Sudden Hearing Loss
AP1428	Comparative Analysis of Auditory Perceptual and Processing abilities between Tribal and Urban Children
AP1429	Masseter Vestibular Evoked Myogenic Potentials: The Impact of NB CE Chirp Stimulus at Different Frequencies
AP1430	AUDITORY AWARENESS: NAVIGATING NOISE EXPOSURE IN DENTAL CARE.
AP1431	Validation of the Cognitive Self Report Questionnaire (CSRQ-25) Among Older Adults in India
AP1432	Hearing Aid Acquisition in the Digital Age - A Comparative Study of User Satisfaction in India
AP1433	COMPARISON OF VIDEO HEAD IMPULSE TEST AND VESTIBULAR EVOKED MYOGENIC POTENTIALS AMONG MODERATE SMOKERS AND NON-SMOKERS.
AP1434	Influence of Handedness on Contralateral Suppression of Transient Evoked Otoacoustic Emissions
AP1435	Effects after the Second Dose of Covishield Vaccine on Speech and Hearing Skills

# Indian Speech-Language & Hearing Association (ISHA)

Regd. Under the Karnataka Societies Registration Act, Karnataka Act No. 17 Registration No. 25/67-68

AP1436	COMPARISON OF AUDITORY DEVELOPMENT BEHAVIOUR MEASURES IN CHILDREN USING COCHLEAR IMPLANTS AND HEARING AIDS: PARENTS' PERSPECTIVES
AP1437	Hearing Loss Associated with Patent Ductus Arteriosus and Congenital Rubella Syndrome
AP1438	Incidence of follow up in newborn hearing screening
AP1439	Enhancing Speech Perception in Older Adults: Improved Outcomes from Integrating Lexical Access with Concurrent Word Identification Training
AP1441	PARENTAL AWARENESS AND DECISION-MAKING IN MANAGEMENT OF CHILDREN WITH UNILATERAL HEARING LOSS: A STUDY ACROSS DELHI-NCR
AP1442	Barriers to Hearing Aid Adoption and Continuation: Perspectives from Non-Users, Past Users, and Families in India
AP1443	Tinnitus Relief at Your Fingertips: Audiologists'™ Evaluation of Management Apps
AP1444	A COMPARISON OF SPEECH PERCEPTION IN NOISE WITH VARYING SNR AND SHORT-TERM INCREMENT SENSITIVITY INDEX BETWEEN MUSICIANS AND NON-MUSICIANS
AP1445	Translation and Validation of Inventory of Hyperacusis Symptoms Questionnaire in Hindi
AP1446	Clinical Diagnostic Evaluation of Autoimmune Involvement in Auditory Neuropathy Spectrum Disorder
AP1447	Fine Structure Distortion Product Otoacoustic Emissions in Older Adults
AP1448	Age of Onset of Age-related Decline in Hearing Sensitivity and its Relationship with Cochlear Function
AP1449	SINGLE SIDED DEAFNESS: A MAJOR BARRIER TO ACADEMIC AND PSYCHOSOCIAL CONTEXT: A SINGLE CASE STUDY ON A YOUNG PRACTICING PHYSICIAN
AP1450	Impact of Personal Music Systems on Acoustic Reflex Thresholds in Young Adults
AP1451	Assessing Adult Awareness on Noise-Induced Hearing Loss (NIHL): Impacts, Risks, and Effective Prevention Strategies
AP1452	A comparative analysis on the validity and clinical efficiency of Turner's™ Modified Masking Method over Hood's™ Plateau method in asymmetrical hearing loss: A pilot study
AP1453	Does COVID-19 influenced hearing threshold permanently? Five years longitudinal outcome study
AP1454	Navigating Barriers in Real Ear Measurement (REM) and Electro acoustic measurement (EAC): Enhancing Hearing Aid Fitting Practices in Audiology
AP1455	Influence of Cognitive Load and Multisensory Distractions on Acoustic Reflex Thresholds in Clinical Environments"
AP1456	Exploring the Benefits of Yoga on Speech in noise perception and Cognitive Skills in Adults with normal hearing sensitivity
AP1457	Preliminary study for normatives using craniocorpography
AP1458	Impact of Noise on Vocal Intensity in Unilateral Cochlear Implant Recipients

# Indian Speech-Language & Hearing Association (ISHA)

Regd. Under the Karnataka Societies Registration Act, Karnataka Act No, 17 Registration No. 25/67-68

AP1459	EXERCISE AND ITS POTENTIAL TO AGGRAVATE SYMPTOMS OF PATULOUS EUSTACHIAN TUBE DYSFUNCTION.
AP1460	Understanding vestibular neuritis: Insights into Diagnosis and treatment
AP1461	Academic Performance of Children with Cochlear Implants in Mainstream Schools
AP1462	Monoaural auditory fusion test to assess temporal resolution in older adults
AP1463	Effect of Neck circumference on Cervical Vestibular Evoked Myogenic potential- A Retrospective Study
AP1464	Development of Working Memory Performance in Preschool and School-Aged Children with Cochlear Implants Compared to Age-Matched Children with Normal Hearing
AP1465	Evaluation of Frequency Specificity of the Meander Stimulus Compared to Tone Burst Stimulus in Auditory Brainstem Response Testing
AP1466	IMPACT OF LISTENING FATIGUE IN ADULTS WITH UNILATERAL SENSORINEURAL HEARING LOSS : A QUALITATIVE STUDY
AP1467	The vertigo Effect: How Shift Work influence Health in Nursing Professional
AP1468	Audio vestibular profile on CANVAS Syndrome
AP1469	Incidence of CI Non-usage among children implanted under ADIP Scheme
AP1470	Evaluating the Impact of Practical Training on Self-Efficacy, Confidence, and Competence in Noise Measurement, Infant Screening, and Endoscopy in BASLP students
AP1472	Perspectives and Demands for Remote Mapping of Cochlear Implants from Users in India
AP1473	Exploring User Attitudes and Perspectives on Hearing Aid Fine-Tuning Apps:
