

# WE'RE HIRING

**WORK FROM HOME — PART-TIME OPPORTUNITY**

## Speech Language Pathologists

Aura Technologies is seeking qualified Speech Language Pathologists to join our team in a part-time, remote role for ongoing research projects and online therapy services.

**In addition, Aura Technologies will be launching a dedicated app for speech and communication disorders within the next 2–4 months**, designed to deliver high-quality therapy to patients worldwide. Selected professionals may have opportunities to contribute to this initiative.

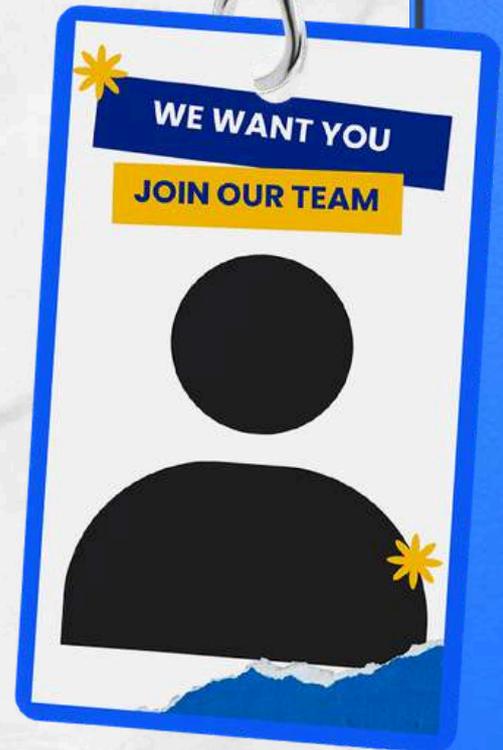

### Positions Available

#### 1. Senior Research Associate (2-3 Positions)

- Minimum 3 years of experience in speech language pathology
- Expertise in speech and communication disorders
- Experience or Interest with research methodologies, literature review, and analytical work
- Ability to guide research activities and contribute to project development
- Prepare and deliver presentations on research work

#### 2. Junior Research Associate (3-5 Positions)

- Minimum 1 year of experience in speech language pathology or related work
- Background in speech and communication disorders
- Ability to support research tasks and information gathering
- Prepare and deliver presentations on completed research work

## **Additional Clinical Role**

### **Speech-Language Pathologists for Online Therapy (3 Positions for now)**

- Minimum 1 year of experience providing therapy services
- Ability to conduct online therapy sessions for speech and communication disorders
- Strong communication and patient engagement skills

### **Time Requirement**

- Minimum 15 hours per week commitment required
- Additional hours are welcome if available

### **Payment**

- Monthly compensation ranging from **12,000 to 26,000** for part time role (based on role, experience, and contribution)

### **Auraa Healthcare Technologies Services**

Near Don Bosco Technical School, Gotanagar, Guwahati, Assam - 781011

[**Team Working Remotely from Bangalore, Delhi, Karnataka, etc.**]

Interested candidates are encouraged to apply by sharing their resume and join Aura Technologies in shaping accessible speech and communication care worldwide.
